In this present letter the Senior Surgeon does not seem to apply so much for sanction for the establishment of a dispensary at Saldevanahally as for the entertainment of a Hospital Apth required for duty at that place. It is stated that the D.B.W is prepared to meet all the expenses of that dispensary.

2. The Local Boards Branch say they have no papers bearing on the subject. Information as to the district and the taluk in which the said place is situated is not given. Nor the circumstances explained, under which the D.B.W is willing to bear all the expenses.

In this Office docket of the 27th August, 1901, No 3521 misc 634, the Senior Surgeon was requested to report (1) whether Govt have sanctd the establishment of a dispensary at Saldevanahally (2) where it is situated, and (3) why the D.P.W is willing to bear all the expenses connected therewith.

In reply, the Senior Surgeon states that he has not asked for sanction of Govt to the opening of

of the Dispensary at
Saldevanahally;
that the question of
establishing a
permanent Dispensary
at that village was
first opened by the
Ex: Engr, Hesseraghatta Water supply
Dn. for the use of
the Pumping Station
and for that of the
4000 inhabitants
of the neighbouring
villages; that Salde-

and that the D. B. W.
is prepared to pay all
the Charges in Consdn
of the fact that the Dis-
pensary will be generally
for the use of its Officials

The enquiry ordered above was made. The Chief Engineer wants to have a permanent dispensary opened at Saldevanahally for the benefit of the employés at the Hessaraghatta Pumping stations.

The file of papers recd from the D.P.W. shews that medical aid is at present given to the men employed on the works by the Hospital Assistant of Nelamangala (the present Covering letter of the Chief Engineer says "at Yesvanthapur"), who visits the pumping stations twice a week; that for this work he is paid a monthly allowce of Rs:20/- by the Impvt D.P.W. and Rs:15/- by the C & M. Station authorities (Papers Serial Nos 4, 7, 9, 16 & 17); that in place of this arrangement a permanent dispensary is to be opened at

at Saldevanahally,
and that the entire
cost thereof viz estt,
medicine, quarters & c.
is to be met from the D.P.
W funds, the Civil and
Military station authori-
-ties Contributing a sum
of Rs: 25/- a month. Papers
S. Nos. 5, 6, 9, 13 & 15.

All that the Senior Surgeon
now wants is Govt sanction
to entertain a Hospital
Assistant to be posted to
Saldevanahally.

15/10/07

It appears from the P.W.
File and the Chief Engineer's letter
now under disposal, that the pay of the
Hospital Assistant also will be defrayed
by the P.W. Deptt, the authorities of
the Civil and Military Station contri-
-buting Rs. 25 per mensem.
Under these circumstances, there seems to be
no objection to sanction the entertain-
ment of a Hospital Assistant, the charge
involved being defrayed by the D.P.W.

The establishments of the

belonging
Pumping Stations belg to the Durbar and to the ✓ Civil and Military Station and the inhabi--tants of the six villages situ--ated in the neighbourhood will be served by the new Dispensary proposed to be opened. The Pumping Stations being permanent institutions, the Dispensary has to be a permanent one.

The Chief Engineer, who was requested to report whether the charges of the proposed dispensary at Soldevanahally will be borne exclusively by the D.P.W. or are debitable to the maintenance charges of the Water Works, now reports that the charges are debitable to the maintenance estimate of the Chamarajendra Water Works, and that provision for the same has been made in the maintenance estimate for the current year. A statement is also received from the Chief Engineer, which shews that Rs: 227 for furniture and Rs. 93/- per mensem for establishment, medicines &c are required for the proposed dispensary. The ~~Civil~~ Commanding Royal Engrs, Bangalore Distt, Military Works, has agreed to pay half the cost of furniture and to contribute Rs 35/ a month towards the monthly expendre of the Disp:

If the cost has to be eventually paid by the Municipality, it is doubtful whether they can afford such increase. The original estimated amount of maintaining the Water Works seems to have been greatly exceeded. The number of men (Servants &c) for whose benefit the ~~ho~~ dispensary is meant is not stated. Some explanation on these matters should, I think, be obtained before this additional cost is sanctioned.

In compliance with your No.5378/Mis 892 dated 26th September 1901, I have the honour to forward the accompanying file of this office relating to the establishment of a Dispensary at Soldevanhally and to inform you that it is considered desirable to have a permanent Dispensary at the above station in the interests of the staff employed there, both of the City and the C & M Station, numbering 277 persons, and of the inhabitants of the 6 neighbouring villages. Under the temporary arrangement hitherto in force, the Hospital Assistant at Yeswanthpur paid 2 visits a week to the Pumping Station to render medical aid to the establishment there, and for this he gets a monthly allowance of Rs.20/- paid by this Department plus Rs.15/- paid by the C & M Station. For this sum (Rs.35/-) a 3rd Grade Hospital Assistant can be employed permanently. The Commanding Royal Engineer, Military Works, has agreed to contribute Rs.25/- monthly towards the outlay. The Senior Surgeon has already been informed that this Department is prepared to pay cost of the up-keep of the proposed Dispensary, including establishment, medicine etc.
